Dear Sir/Madam,

Further to our letter dated 10th May, 2019, the Company is closely working with the offices of the Factory Inspector and the Gujarat Pollution Control Board for restoring operations of its plants and appropriate actions are being undertaken as per the directions received from them.

Further, the three employees undergoing treatment under expert medical supervision are responding well to the treatment and recovering steadily.

For the present, operations stand suspended. The Company is, however, taking all the necessary steps for restoring normal operations as soon as possible.

Please take the above information on your record.

Thanking you,

Yours truly,
For Transpek Industry Limited
