Pune aims to be epicentre of fourth industrial revolution

GEETA NAIK
 Pune, February 11

HENKEL ADHESIVES TECHNOLOGIES India is running a global pilot at its brand new adhesive manufacturing facility in Pune - a smart factory - for implementing fourth industrial revolution (Industry 4.0). Bajaj Auto and Bharat Forge are investing heavily in specific areas of Industry 4.0 relevant to their industry. GE manufacturing plant in Chakan has become a model for Industry 4.0.

Pune has the potential to become the epicentre of Industry 4.0 adoption and be a provider not for Indian market but also for global markets with its vibrant manufacturing industry, IT and engineering services industry, start-up hub and enabling organizations and programmes, said the Maharashtra Chamber of Commerce, Industries and Agriculture (MCCIA) and QLEAP Academy report on Industry 4.0. The city has a perfect amalgam to lead in the fourth industrial revolution and become a major hub in India. It also has a place for start-ups which are coming out with solutions to address problem areas of the manufacturing sector, the report added.

Pune is one of the hubs created by the department of heavy industries for Smart Automated Manufacturing Hub. The Centre for Industry 4.0 Lab in Pune is working developing capabilities and educate on smart manufacturing technologies. Their lab is slated to come up at Savitribai Phule Pune University. The Software Technology Parks of India, Pune, has launched MOTION - an automotive centre of excellence in autonomous, connected, electric and shared mobility. All the dots are getting connected.

The report suggests that there is opportunity to build digital twin, a virtual copy of the physical world of every component, manufacturing plant, products, processes and environment of the industry. The city can build on the capabilities of data science, analytics and IT and be a hub for cognitive systems, build Industry 4.0 talent factory, create entrepreneurs in 3D computer simulations, rapid prototyping, IoT, 3D printing, AR, cybersecurity, cloud and robotics.

According to the report, large manufacturing companies in Pune are readying to use sensors, IoT, data analytics, AI and other technologies. The MSMEs are yet to join this transformation. The MCCIA conducted a study of 10 MSMEs to check their preparedness for Industry 4.0 and found that while they were using industrial automation solutions but have not reached the Industry 4.0 compliant smart factory standards.

Maharashtra has set a target of achieving 13% growth in manufacturing, attract investments worth ₹10 lakh crore and create 40 lakh jobs by 2023-24 and Pune could play a role in boosting manufacturing by leading the Industry 4.0 transformation.

Nabard seeks help of CSR arms to support farmer producer organisations

FE BUREAU
 Ahmedabad, February 11

WITH A VIEW to further extend support to farmer producer organisations (FPOs) in Gujarat, the Ahmedabad branch of National Bank for Agriculture and Rural Development (Nabard) is in talks with CSR arms of major industrial houses including Reliance, Tata and Ambuja.

Nabard is already giving financial assistance to up to ₹16 lakh to FPOs that includes training to FPO members, business plans to sell their agricultural produce and others things, said Dinesh Raina, general manager, Nabard, Ahmedabad, adding that to provide bigger platforms to FPOs in the state the bank is in advance stages of talk with Reliance Foundation managed by Reliance Industries, Ambuja Cement as well as Tata Consultancy Services for Rural Development.

"With the help of these con- glomerates, the members (farmers) of FPOs can sell their produce in bigger markets. Their products can be sold in retail chains of Reliance. Moreover, innovative techniques of digital marketing can be beneficial to farmers. Their other requirements, including effective transportation, cold storage facility etc., can be fulfilled through involvement of corporates," said Raina.

An FPO is formed by a group of farmers to collectively sell their agriculture produce. Nabard encourages such initiatives and train farmers for business activities related to farm produce and provide a grant of up to ₹1.1 lakh for three years. If the FPO performs well, Nabard will give further assistance of ₹5 lakh. Minimum 50 farmers can form an FPO. Some of the FPOs in Gujarat are having members' strength exceeding even 1,000. Generally, FPOs are registered as cooperative societies in Gujarat.

MoEngage raises \$25 m in Series-C investment round

PRESS TRUST OF INDIA
 Bengaluru, February 11

CUSTOMER ANALYTICS AND cross-channel engagement platform MoEngage has raised \$25 million in Series-C funding.

Eight Roads Ventures led the round with participation from its US-based sister fund, F-Prime Capital, along with Matrix Partners India and Ventureast, MoEngage said in a statement. MoEngage has recently achieved Amazon Web Services Retail Competency.

The new round of funding will be used to deepen relationships in Asia, integrate advanced capabilities into the product mix and scale operations in the US and Europe - MoEngage's two fastest-growing markets.

"The latest round of funding will help us reach more brands and empower them with the next-generation customer engagement platform built for the mobile-first world that is easier to use, fully integrated and intelligent," said Raviteja Dodda, founder & CEO, MoEngage. MoEngage centralises consumer behavioural analytics, insights and marketing automation into one dashboard where brands can engage with their customers across channels and personalise touch points.
